PROJECT OVERVIEW

Local Road Safety Plan Overview

- Roadway safety plan for Unincorporated Orange County communities
- Incorporates Vision Zero and Safe System principles
- Evaluates existing conditions and identifies issues and risk factors
- Incorporates engagement with a focus on underserved communities
- Results in prioritized list of actions and improvements

PROJECT OVERVIEW

Guiding Principles

Vision Statement:

The County will work to significantly reduce fatalities and serious injuries on unincorporated County roadways and endeavor to eliminate these crashes by 2050.

- Adopt the principles of the Safe Systems Approach to build multiple layers of protection to prevent crashes and minimize harm when crashes do occur.
- Foster a culture of shared roadway safety amongst transportation professionals and the public.
- Proactively implement safety measures for people across all modes of travel.
- Collaborate with emergency responders, traffic enforcement professionals and community partners to build a comprehensive safety program.
- Take an equitable approach to roadway safety and reduce disparities in roadway safety outcomes.
